# 'Terrified by What I Saw': COVID Was Genetically Engineered, Says U.S. Scientist Who Worked at Wuhan Lab

An American scientist who worked at a research laboratory in Wuhan, China, has claimed that the novel coronavirus was a "genetically engineered agent" that leaked from the U.S.-funded facility.

It was reportedly exposed by Dr. Andrew Huff, an epidemiologist and former vice president of EcoHealth Alliance, in "The Truth About Wuhan" book, in which he referred to the pandemic as "the biggest U.S. intelligence failure since 9/11."

In his book, Huff says the COVID-19 virus was genetically engineered through China's gain-of-function experiments — which modify the way an organism functions — funded by the U.S. government, The Sun reported.

He said that EcoHealth spent years teaching the Wuhan Institute of Virology the "best existing methods to engineer bat coronaviruses to attack other species," and that China was aware "that this was a genetically engineered agent."

"The U.S. government is to blame for the transfer of dangerous biotechnology to the Chinese," he told The Sun. "I was terrified by what I saw. We were just handing them bioweapon technology."

Huff claimed that China's gain-of-function experiments were carried out with poor control measures, which led to the lab leak at the Wuhan lab.

"EcoHealth Alliance and foreign laboratories did not have the adequate control measures in place for ensuring proper biosafety, biosecurity and risk management, ultimately resulting in the lab leak at the Wuhan Institute of Virology," he wrote in the book.

EcoHealth Alliance, a U.S.-based nonprofit organization that aims to prevent the emergence of new infectious diseases, has been studying bat-related coronaviruses with funding from the National Institutes of Health (NIH).

The group established ties to the Wuhan Institute of Virology.

"Nobody should be surprised that the Chinese lied about the outbreak of SARS-CoV-2 and then went to extraordinary lengths to make it appear as if the disease naturally emerged," Huff added.

**Fauci defends funding EcoHealth**

Dr. Anthony Fauci, head of the National Institute of Allergy and Infectious Diseases (NIAID), had defended his agency's decision to fund EcoHealth.

EcoHealth received roughly $3 million in grants from NIAID in late September, which came just weeks after the NIH, to which NIAID belongs, terminated an EcoHealth sub-award to the Wuhan lab.

NIH told the House Oversight Committee that the Chinese facility had twice declined the agency's requests to hand over laboratory records so that it could review the research.

When asked why he was confident that "EcoHealth is a good funding partner," despite criticism about its lack of transparency over virus research, Fauci insisted that the two were separate matters.

"It's kind of like saying that there is a grant from an institution in the United States, that [there's] something really bad about that grant, and therefore, you shouldn't give any funding to any other element of that institution," Fauci said.

"You've got to be fair, and you've got to go by process, not arbitrarily deciding whether you want to fund something or not," he said in an Oct. 4 webinar hosted by the University of Southern California's Center for Health Journalism.

With regards to the lab leak theory, Fauci said that he "kept a completely open mind about the possibility that there may have been a lab leak," but the "lab leak is a theory with no evidence whatsoever."

If Huff is calling COVID and 9/11 "U.S. intelligence failures" I am not sure he is intelligent enough to make any sort of argument or even to reliably pass on correct information. They were massive successes because they were allowed to happen so that the government had a reason to expand its Orwellian control mechanisms and in the case of 9/11 start a war so the war pigs could glut themselves. Even back to Pearl Harbor, Roosevelt was warned multiple times about the attack and let it happen because he was being financially pressured into forcing America into a war that most Americans did not want to engage in. Even further back to the Jekyll Island meeting and the birth of the federal reserve.
If something bad occurs on a national scale know that it only succeeds with the go ahead from the government, the same government that will then use that nation-scale tragedy they allowed to enable them to steal your freedoms and resources to empower and enrich themselves.

YUP, everything that is happening and that has happened is all a part of the plan to take down America from the inside. Its all about bringing the beast system. ultimate control of the human population. The end game is leveling out humankind to being poor, addicted to a substance and slavery. While making us into cyborgs, putting us into smart cities, and controlling every aspect of our lives. These are the small steps that are getting us to that world.

To sum it up, ''Fauci knew about the AIDs insert in the vax, that the virus was lab made, and that the shot was a brain destroying blood clot factory''. It is complex, technical and convoluted mess but it is all in there.

"Strange"?
How the USA Three Aircraft Carriers were not at "Pearl Harbor" on Dec 7?

"Three days before the Dec. 7, 1941 Japanese attack on Pearl Harbor, President Roosevelt was warned in a memo from Naval intelligence that Tokyo's military and spy network was focused on ''Hawaii'', a new and eerie reminder of 'FDR's failure to act' on a basket load of tips that war was near."

A congressional investigation with a much larger mandate, granted authority, and power of subpoena than the 1970s Church Committee Hearings represents the sole means for finding out the truth of COVID origin, along with the truth about subsequent "fast track" emergency use authorized mRNA injections - of which appears to have resulted in immeasurable deaths and severe, often permanent, injuries and other unprecedented, profound, negative health consequences..

Such a congressional investigation should have commenced a long time ago as serious concerns were raised across the first months of the now-3-years long COVID timeline, however - for whatever reason(s) - such an historic, **necessary investigation** process has **not yet begun**.

I am SO tired of the BS 'covid' is a lab leak, wet market narrative. The Covid-19 false flag and/or coverup operation was planned years ago (pre 2016). G20 countries were importing and exporting Covid-19 tests along with posting government contracts for the C-19 operation. In England, the Govt posted a notice on their website that they were going to be dispensing poison- yet that's what it actually said! Why would anybody call a safe and effective vaccine a poison, as opposed to a medicine????

It is either a coverup for the 5G radiation poisoning or the false flag depopulation program. Or BOTH. People were definitely sick. And some people not sick AT ALL. And attacks on people's immune systems from 5G wavelengths would certainly cause all sorts of respiratory ailments, etc.

Oh, but those are just crazy conspiracy theories and I have to take my tin foil hat off now.

Thank you for your comment. It gets tiring repeating the same thing over and over. Sitting here wedged between the smart meter radiation zone and the multiple tower radiation zones, wearing a special hat and clothing which actually staves off the painful pings and headaches to a decent extent, and sleeping under a special tent inside, I'm going with coverup. These days I rarely remove the old tin foil hat!

I personally believe that Covid is like Santa, and the story of it was used to make everyone be a good little boy or girl, and take the depopulation shot.... When people were getting sick and dying from covid, isn't it funny that the Flu with basically the same symptoms, nearly completely disappeared from death records?

Oh boy, it's the Chinese! Oh that's who's responsible. So glad we cleared that up.

And intelligence failure! Right. Just like the 9/11 "intelligence failure".

So, there you are. 9/11 was the Saudi's and an intelligence failure. And covid 19 was the Chinese and an intelligence failure.

OK, world, who's up next?

". 9/11 was the Saudi's"

bunk

9/11 was US politicians and corporations, the Saudis, the Israelis , Rumsfeld, Cheney, Bush and others. Certainly it was not soley the Saudis. Wonder why Americans refuse to accept responsibility for what they allowed to happen. Why we insist on telling lies that makes 9/11 look like an outside job, when it was most obviously an inside job.

The Wuhan lab was built by the french company Mérieux who were sent home quite quickly by chinese authorities. Stéphane Bancel, the director of Mérieux reported to Fauci, that Mérieux couldn't install P4 security in the lab. Today Stéphane Bancel is the director of Moderna a company very very close to Fauci.

The virus was produced and released to cause people through fear to take the injection which is far deadlier and more harmful. The media is used to create fear and suppress dissent and truth.

Any scientist who buys into the myth of an "escaped virus" and buys into the fake "pandemic" is doing the work of the vaccine industry for them. These scientists are taught Pasteur's germ theory in medical school and will cling to it no matter the arguments for the terrain theory - sickness is the result of a toxic body, not from outside viruses floating around in the air in Wuhan or anywhere else. Millions of people in China were becoming ill from pollution and dying. They finally began holding huge protests and demanding the pollution be cleaned up. This was unacceptable to the government who decided the best solution was to blame it on a virus. This ploy has always worked in third world countries where people are dying of starvation, bad hygiene, and filthy water. Pharma declares a vaccine will fix the problem and money flows into their coffers while the obvious solutions are ignored. China initiated lockdowns and told the pollution complainers to shut up. Pharma jumped on this new virus, which to this day has never been isolated, and the rest is history. Now, in this article we have a "scientist who has swallowed the Wuhan bat story hook, line, and sinker, and pharma couldn't be happier that he is spreading their profitable B.S. on the CHD site for millions to see.

Nonsense... In most nations, in 2020...
Total deaths were close to 2019.
Average age of cv death, was around life expectancy (Mike Yeadon just realized this and questions convid).
Most that died during 2020 had multiple comorbidities. But it was blamed on CVID.

So what deadly disease? What lab makes something that didn't change overall mortality and they needed to pump up the numbers for?
It's illogical and we need to realize that the lab leak story is there to keep fear of future pandemics...

Yes, it's all Propaganda designed to wear us out and divide us further ... now all the people who listened to the President of the USA, who was the remedy to Trump, are now terrified of what they have put in their bodies and especially in their children and are now in hiding full of shame for being so wrong and othering ... all by design per the Multi-layered PSYOP this all is.

"lab leak" my eye! People need to calm down and not stress out, that's what the perps want as it makes one more susceptible to Dis-ease. Remember, worry does nothing to change whatever outcome is coming, it only robs you of your joy in the moment. Learn to breathe correctly and take a few tricks from Monks, as they relax their eyes, focusing on the peripheral as they calmly breathe in for the count of four and out for the count of four ... lot's of other things one can do to get back to Parasympathetic Mode of rest, digest and heal.

Trump was put in to stress us all out, as he trampled the "norms", and then Biden was the great white hope!

We as a country in the states, have simply allowed ourselves to be "played" over and over and we have let way too much slide! Like 911 and Iraq and Afghanistan and so many more dubious doings by our CIA, FBI, and all the other so-called protective agencies ... 8 more years to 2030 ... time to get busy mending fences and bridging divides!

RE: Publication of Andrew Huff's The Truth About Wuhan
December 5, 2022

Andrew Huff, a former employee of the EcoHealth Alliance, has published a book entitled The Truth About Wuhan: How I Uncovered the Biggest Lie in History. According to press reports, Mr Huff claims that the COVID-19 pandemic was the result of a lab leak from research conducted by the Wuhan Institute of Virology in collaboration with EcoHealth Alliance.

Mr. Huff is entitled to his own opinions, but not to his own facts. The actual "truth about Wuhan" is:

1) Mr. Huff was employed by the EcoHealth Alliance from 2014 to 2016. However, reports that he worked at or with the Wuhan Institute of Virology during that time are untrue. He was assigned to a completely different project working on computer-based algorithms to

There are Patents showing the plan to put not Bat poisons, but Snake, Snail, Starfish poisons in the jab. There is no such thing as Viruses, they are spraying and putting the poisons in the water and air and next the food with the jab. PERIOD! Karen Kingston and Dr. Ardis have patents that prove all of this. The medical hospitals, doctors, nurses are being paid to kill patients. Midazalam in Italy, and UK, and even here in USA. Plus Remesivir kills all who get it. And the hospitals, doctors, nurses are making big bucks to kill patients by our own Gov.

She said the govt never cares about minorities. Another friend of mine was given remdesiver but he was ok afterward. Sadly he was so scared of his neighbor being intubated he got jabs. He wasn't brainwashed at first but then he was. He was scared for his family. It's hard to get angry at that.
